

TESORÁMORE
MEMORIAL

ASHES & MEMORIAL KEEPSAKES SPECIALISTS

ABOUT US

ABOUT US.....

Tesoramore is a Portsmouth U.K based family business owned by Sabrina Simmons & Steven Parrott.

The Business started as a labour of love project for Sabrina and Steve due to a love of unique memorial jewellery, creativity and a passion for creating meaningful and sentimental pieces.

Steve has a background in engineering and design, and Sabrina has a background in business management and 10 years experience as a grief therapist.

Our combined skills and experience offer us the ability to create bespoke designs and provide a truly empathetic, supportive and guided service.

We decided to call our business Tesoramore which in Italian translates to Treasured Love.

In November 2023 we proudly launched the world's first digital memorial designs which has led to us winning a business innovation award, and have helped us progress with our dream to become leading memorial specialists.

ABOUT CLASSIC DESIGNS.....

As much as we pride ourselves on being a progressive and 'forward thinking' business, we also have much respect for traditions and designs that are aligned with traditional memorial jewellery/keepsakes, this is why we offer a comprehensive range of classic designs.

Our classic memorial designs delicately preserve your loved ones ashes into a timeless piece that offers comfort in times of grief, to create a tangible connection that can be treasured forever.

We also understand that each person has a preference on the aesthetic of their memorial design, so offer a choice of hidden or visible ashes, depending on your preference, as some prefer a more discreet and personal dedication to their loved one.

Every single classic memorial jewellery item ordered from us comes with a complimentary SmartScan™ jewellery box, which links to your very own personalised digital authentication page.

Each page includes:

- Photographic proof of the encapsulation of ashes
- Your loved one's picture
- Their Name
- Date of birth
- Date of passing

All you have to do to access this page is scan your smartphone over the box, and it will open your digital authentication.

ABOUT DIGITAL DESIGNS.....

Our exclusive digital memorial designs uniquely combine preserving your loved ones ashes and memories into jewellery and keepsakes, to create a tangible and timeless design that offers comfort in times of grief, and a permanence in connection that can be treasured forever.

Each chosen digital memorial design is expertly made in-house by our specialist memorial and digital team, and contains a beautiful memorial montage (up to 10 x photos).

That is designed and created by us, then programmed using our SmartScan™ technology to your chosen design.

Accessing the digital montage encapsulated within your design couldn't be easier. You simply just hold your phone over your keepsake, and tap your screen, and this automatically opens up your montage.

We also include a 'how to use' information slip linking you to our info webpage, for those that may need more guidance.

There are no apps required or QR codes used, nor do you need to open your camera for this.

All you need is a smart phone made after 2008.

This is a truly beautiful way to store precious memories that will never be forgotten, and can be revisited anytime and anywhere.

LEGACY

See more here

ABOUT OUR LEGACY ITEMS.....

At Tesoramore we believe that losing a loved one is one of the hardest pains to endure, and appreciate that it can have a devastating impact on individuals and family units.

We have witnessed first hand that there can be solace found in the memories that are left behind, and that a person's legacy is a huge comfort for their loved one's in times of grief.

This is why we created our Legacy memorial pages, and accompanying keepsakes (optional).

A beautiful and unique way to commemorate a loved one, celebrate their life, store their memories and commemorate them in the way that they deserve to be.

It's a special way to safely store their life legacy on a digital webpage to revisit at any time, and share with generations to come.

Each Legacy memorial page is created and programmed for you, and you can access this page with the complimentary keyring fob that comes with each page, or you can create an even more special and memorable tribute to your love one by upgrading your Legacy order and choosing an add-on designs from our Legacy collection, which we then program to your loved one's tribute page, so that you not only have a digital remembrance tribute, but a timeless and tangible reminder of your loved one too.

How to sign up

STEP 1

Purchase your page option from choices above (standard or premium).

If you would also like to upgrade to include a Legacy add-on item, you can choose one from our selection and add here to your order, and we will program the page to your chosen item.

However, you can still upgrade at a later date too, but you will need to contact us to arrange programming.

STEP 2

Once you have purchased your page you will be emailed a content form for you to send all of the necessary content for your page.

Once we have received this your page will be designed and programmed to your fob.

STEP 3

We will ship your digital key fob, along with instructions on accessing it once the page is complete.

Family Account

Why not share your page as a family account, allowing other family members to contribute memories, and share your loved one's legacy?

There is no extra cost for the page to have multiple users, and you can share the cost for this page.

The only additional prices that will be included would be if any add-on items were included for programming, and the price would depend on the item.

Key Features of a Legacy Page

1. No monthly or hidden fees.
2. Web hosting included.
3. Digital programming service included.
4. Page edits available at any point (administration fee charged).
5. Choose from public access or passcode protection.
6. 10 year warranty

MATERIALS

PRECIOUS METALS:

At Tesoramore Jewellery we only use genuine precious and exotic metals, sourced from some of the UKs most trusted precious metal suppliers, that are fully accredited with ISO certifications, and are ethically sourced.

This ensures that your pieces are made with meticulous care, from the highest quality materials. If you are looking for a metal that we do not have listed, please contact us to discuss.

WOOD:

At Tesoramore, all of our wooden jewellery designs are created in-house by our wood turning artisan, making them truly bespoke.

Wooden jewellery designs have become really popular over that last few years, but why choose a wooden jewellery design?

Our handcrafted wooden jewellery offers a real organic and earthy alternative to run-of-the-mill jewellery.

They give a sense of nature and earthiness which creates a more rustic design.

CUSTOM STONES:

Welcome to Tesoramores custom memorial gemstones.

Each custom stone is made with meticulous care from opal, 0.3 carat diamond dust, and your loved ones ashes. Every facet is hand filed, making each gemstone truly unique.

We also offer SmartScan™ memorial custom gemstones. The worlds first ever digital memories and ashes gemstones.

Each custom stone is made and then set into the jewellery design of your choice.

MATERIALS - GEMSTONES

At Tesoramore, we have pioneered a technique that is used as a cast setting for jewellery designs that is beautifully bespoke.

We create these settings at our in-house gemstone studio by combining finely crushed precious gemstones, along with diamond dust, which is then delicately hand laid by our very own artisan to create your jewellery piece.

We also use this technique for our memorial design settings, where we incorporate cremation ashes or hair into the gemstone setting to make beautiful memorial keepsakes.

HOW TO ORDER

Placing an order yourself:

If you are placing your order directly, then please scan the QR code to view our shop.

Each completed order automatically generates an ashes pack which is posted to you.

However, if you are local to the Portsmouth area, and you would like to arrange collection/drop-off of your loved ones ashes then please contact us at

info@tesoramore.co.uk

Ordering through your funeral service provider:

If you are placing an order through your funeral service provider, please provide them with the order details, and they will complete the order for you, and arrange for your loved one's ashes to be safely passed on to us.

Ordering through one of our trusted affiliates:

If you are ordering through one of our trusted affiliates and they are placing the order on your behalf, then please inform them of your order details, including size (where necessary), and colour choice, they will then direct you to the correct place to order an ashes pack.

If you are ordering directly via an affiliate, then they will provide you with their unique affiliate link for your order.

Can't find what you are looking for?

We are also proud to offer a custom design service, so if you can't find what you are looking for, or you would like a design that is distinctively unique, then please contact us at:

info@tesoramore.co.uk

Reinvention service:

Do you have old, unwearable but sentimental jewellery that you would like to refashion into a brand new memorial design?

Then please email us for more details and a quote.

info@tesoramore.co.uk

New additions:

We constantly strive to offer customers a comprehensive choice of designs, and so regularly add new items to our collection.

To check out new additions not included here please see:
